Work experience

Fullstack Developer Intern

12/09/2024 – 20/09/2024

Real Solutions | realsolutions.com.tr

During my internship, I focused extensively on **SQL** fundamentals, **object-oriented programming** with **C#**, **Entity Framework**, and the **Dev Architecture framework**. I acquired practical experience in **database management**, explored scalable software design principles, and strengthened my understanding of **clean architecture** practices. In addition, I built and deployed a web application using **Angular** and **.NET Core**, reinforcing my knowledge of full-stack development and modern software engineering workflows.

Web Developer Intern

21/07/2023 – 25/08/2023

Ozkan Demir Celik | ozkandemir.com

I contributed to the **creation and optimization of websites** such as shubar.com.tr and ozkantech.net for electric vehicle development projects. My responsibilities included **UI/UX design**, **structuring visual components** aligned with project goals, and **improving website performance** based on feedback gathered during daily meetings. I also conducted technical and market research to support the company's ongoing development needs.

Web Developer Intern

15/07/2021 – 18/09/2021

KABI Partners | kabipartners.com

During my internship, I collaborated with sales and software teams within **agile** and **Scrum-based workflows**. Using **Atlassian JIRA**, I contributed to resolving technical issues, **UI/UX design**, and web development for projects such as dugunbuketi.com and yuvanikur.com, while improving my **front-end development**, WordPress customization, and problem-solving skills.
